RAILROAD COMPANY IN EXPRESS BUSINESS

INCORPORATES AS CONSOLIDATED EXPRESS COMPANY.

A certificate of incorporation was filed in the office of the secretary of the state yesterday by the Consolidated Express Company of New Haven with a capital of \$1,000,000. Its purpose is “to conduct the business of a common carrier of goods by express upon cars, boats or any vehicles owned by the New York, New Haven & Hartford Railroad Company or by any company of which it is a shareholder as well as in or about any towns to or through which such cars, boats or vehicles run, or elsewhere, and to have the right, for the purposes of such business, to acquire, hold and dispose of horses, wagons, or any vehicles or instrumentalities of transportation, and also lands and buildings in any such towns or elsewhere, or rights therein, and to do any and all things proper or convenient for the development and conduct of the business of an express company.” The incorporators are H. M. Kochersperger, B. Campbell and A. S. May.

Government Determined To Stop Smuggling

Washington, May 21.—To close every possible avenue to smugglers at the Port of New York, the Treasury Department has made a new ruling limiting to Collector Loeb the right to issue passes to persons who want to meet incoming steamships down the bay. Hereafter they will have to be well vouched for or else be known to the Collector, and the number of passes in the future will be small.

Filipinos Again Declare For Their Independence

Manila, May 21.—With but slight variation from its action at the final adjournment of the session of 1908 the Philippine General Assembly in the closing hour of its session last night again adopted a resolution declaring in favor of the independence of the islands.

COLONEL ASTOR INVENTS PEAT FUEL MACHINE

New York, May 21.—John Jacob Astor has perfected an invention for utilizing as a fuel for power the vast deposits of peat found in many parts of the world. His application for a patent is pending, and when it has been granted Colonel Astor will present his discovery to the public without profit to himself.

Colonel Astor is now erecting on his estate at Rhinecliff on the Hudson a peat gas plant, in which a vibratory disintegrator will be tested. The plant, of about 150-horse power, is to run a stone crusher, and if the peat yields its gas, as it is confidently believed it will, it will mean an engineering advance that may have far reaching results.

Discussing the matter, the Scientific American in its current issue says that the economic utilization of the enormous peat bogs of the temperate zone has been a problem baffling scientists for many years, largely because of the amount of water, tannin, acids and salts contained in the peat.

Knights Will Worship IN ORDER'S UNIFORM

Hamilton Commandery, No. 5, Knights Templar, will attend divine service at St. John's church Sunday, May 22. Rev. W. H. Lewis, rector of St. John's, is a member of Hamilton Commandery, and has arranged a special service for the occasion. Eminent Commander Frederic A. Bartlett has issued an order for all St. John's Knights to assemble at the church at 4 o'clock p. m., in full Knight Templar uniform, to march to the church.

“It is the law that Sunday shall be a day of rest and that the only work done shall be work of necessity and charity,” the Mayor declared. “The law is the law and I am here to enforce it.” There will be no change in policy.

Lord's Abject Apology To Countess Granard

London, May 21.—Lord Ronaldshay, at a public meeting last night, made an abject apology for an attack which he had made at a recent political meeting upon the Countess of Granard, formerly Miss Beatrice Mills of New York. He had referred to the Countess as a “dumped American heiress, who had been fortunate enough to secure a title.”

CURES ECZEMA QUICKLY

New Discovery Has Revolutionized the Treatment of Skin Diseases

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of eczema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of eczema, as well as acne, herpes, tetter, piles, salt rheum, rash, crusted humors, scaly scalp and every form of itch, yield to it readily. Blemishes such as pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared over-night.

Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained in Bridgeport at Jennie Hamilton's Pharmacy as well as other reliable drug stores.

But no one is even asked to purchase poslam without first obtaining an experimental package which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

BISHOP DENOUNCES LONDON SOCIETY

London, May 21.—Bishop Thicknesse, Archdeacon of Northampton, roundly denounced what he terms “the degradation of the Sabbath by people in society” in an address to the clergy yesterday.

“What we have to deal with now,” he said, “is the open disregard of the worship of Almighty God by persons in the higher walks of life, of their selfish profanities of the day of public worship by needless journeys, motor expeditions, dinner parties and games, to the utter deprivation also of any needed Sunday rest and quiet to their ill-used servants and dependents.”

“I know as a fact of a large fancy dress dinner party held on the first Sunday of Lent at a country house in a neighboring county where so-called ladies shamelessly appeared dressed as men, and so-called gentlemen dressed as women.”

“I mention it with profound shame, sorrow and indignation. I am almost ready to disown the term gentleman for any manly man if men with more money than manners, with more pretense than pedigree, have brought it to this and dragged it in the mire of their own corrupt habits.”

PERSONAL LETTER TO REAL ESTATE BUYERS.

Bridgeport, Conn., May 17, 1909. In view of the many attractions offered in real estate in the vicinity of Bridgeport, we deem it fair to ourselves to call attention to the fact that Fairview Lawn lots are within the city limits, where fire and police protection will shortly be extended; where schools and churches and facilities for reaching the business center of the city are close at hand. It is the countryside of the city, where you can enjoy the singing of birds, the bloom of flowers, the rill of the water, the spring green grass under your feet, and still you are in touch with the busy throbbing center of the city, with its noise, its clamor, its bells, its dust, its bustle and bustle. In fifteen minutes you can be in the quiet and calm of the countryside, with cool breezes and beautiful scenery, with distant views of the lower city and the Sound beyond, where the nights are restful and quiet; the place for children to romp to grow, without fear of accidents from trolleys, automobiles, and other dangers incident to city life.

Bridgeport is filling up fast. Vacant lots at prices that are within the reach of the many are becoming scarce. Now is your opportunity to buy a valuable piece of real estate, in the vicinity of which, during the last twelve months, over forty houses have been erected; where a rough street has been converted into a magnificent boulevard which is to be graded to the city limits; where trolley extensions are sure to be made; and where the best people are buying lots and building their homes.

North Main street has many attractions not obtainable in any other part of the city—magnificent views, fine water, fine shade trees, elegant drives, secluded places, accessibility, in line with many improvements.

Such an opportunity to purchase all these diversified beauties of location will never be offered again. Streets that now need grading will be graded, shade trees will be planted, houses will go up, schools and churches will follow, and a new center of interest and population will be added to Bridgeport. Every year there are eight to ten thousand new people added to the population of Bridgeport. All these have to have homes and lots to build on. We invite them, stranger as well as citizen, to inspect the beauties of Fairview Lawn, the best and finest piece of real estate that will ever be offered within the city limits. It is the poor man's opportunity and the rich man's investment, and if both take advantage of this offer, their money will increase, and double, and treble, in the next five or ten years. Many fortunes have been made by investments in real estate. Lay the foundation of a fortune for your children in the safest bank. “The safest bank is the bank of earth.” Fairview Lawn is the best of all. A ten-minute ride for a five cent fare, a five-minute walk and you are there. Take a North Main street car to end of line.

Salesmen with red badges will meet you and show you over the property. Bring the children, and for their convenience we will have a carriage meet the trolley. They can romp on the grass, pick flowers, while you are viewing the property.

These lots are bound to increase in value. Care has been taken in disposing of lots to secure good neighbors. No objectionable people hold lots. Every effort to build up a fine neighborhood and residential section has been used.

You can freely recommend these lots to your closest friends, acquaintances and relatives as a good investment, one that will yield many returns for the money invested as a speculation, or for a home. Come and see the land.

Yours for a home and prosperity,
J. A. RICHARDSON,
Sales Agent, 923 Main St.
